

YOUTH HARVEST 2026

CALL TO BUILD

GUIDANCE. MENTORSHIP. CONNECTION.

We pray for our youth to be pillars in society. In addition to prayers, the youth need guidance, mentorship and most importantly 'access' to the right rooms. This is the central focus of this event. We will bring national and continental leaders into the same room with Christian youth in the house, exploring what it takes to succeed with our values intact and make a positive difference in our society.

ABOUT THIS EVENT

CALL TO BUILD

YOUTH HARVEST SEMINAR · GUIDANCE. MENTORSHIP. CONNECTION.

Call to Build is the Youth Harvest Seminar of the Church of the Nativity, Parkview Estate, Ikoyi, organised by our Children and Youth Harvest.

Call to Build is our church's answer to that. It is a day of capacity building, honest guidance and deliberate connection, where young people sit with men and women who have already built — in business, in the professions, in the trades and in ministry — and leave with more than encouragement.

Every Sunday our pews hold young people carrying real ambition — graduates waiting on a first opportunity, young professionals finding their feet, students deciding what to become. What they are short of is rarely talent. It is access, direction, and someone willing to open a door.

The day is the beginning, not the end. Every participant joins our youth employment and mentorship programme: a register of young people ready to work, supported through the year with certification, job-ready skills, internships, placement pathways and mentors who remain in touch.

FAITH IS THE REASON. BUILDING IS THE WORK.

*“...And they said, Let us rise up and build. So they strengthened their hands for this good work.”
— Nehemiah 2:18*

HOW YOU CAN GIVE

SPONSOR A SEAT. CHANGE A TRAJECTORY.

The shortage is not talent; it is access. About 1.7 million graduates enter the Nigerian labour market each year, and 98.6 per cent of young Nigerians in work are in informal employment. A young person with drive but no counsel, no network and no door to knock on can lose years that are never recovered. One room, one mentor and one honest introduction can change the direction of a life, and that is the room your sponsorship builds.

The work does not end that morning. We are committed to engaging 200 young people, onboarding 100 onto a youth employment and placement database we place before employers, and carrying 50 through certification into work. Each young person you sponsor receives a seat at the seminar, a place on that database, certification and job-ready skills, and a mentor who stays in touch.

Children's art auction and bake sale

EVERY NAIRA RAISED GOES TO THE CHILDREN AND YOUTH HARVEST — AND TO THE CHURCH AUXILIARY BUILDING.

SUNDAY 6TH SEPTEMBER — COME AND BID

THEY PAINT. YOU BID. THEY LEARN TO BUILD.

Our Sunday School children begin painting live from 9:00am, on large canvases, ahead of the service. Ten finished pieces go to auction immediately after Harvest Thanksgiving, alongside a bake sale the children run themselves. Every naira goes to their own youth harvest — teaching them early to give, to create and to build.
